

Maternity

Hobart Private Hospital maternity staff are committed to working closely with parents to ensure the best possible start in life for their baby. Our staff are highly skilled and understand the demands of a growing family- many of them in fact are in the same life position themselves.

At Hobart Private Maternity we are growing our team to meet the needs of our families both now and later through supporting student and graduate midwives. We value the richness of experience and combine it successfully with the innovation of recent graduates to produce the dynamic midwives of our future. This flexible and interactive staff team is dedicated to provide specialised and family centred care in our luxurious birthing suites.

These beautifully appointed birthing suites are designed on the labour/deliver/recover model. They comprise a double bed so women can birth their babies and remain in the suite with their partner and baby. In fact partners are encouraged to stay the night to ease the transition into a new or extended parenting role.

Our warm and welcoming Special Care Nursery is in close proximity to the birthing suites and offers to meet the needs of term or premature babies. It is reassuring to know that if your baby does require additional medical care, the neonatal intensive care is located next door at the Royal Hobart Hospital.

Some of our new mums will choose to take advantage of the **Know Your Midwives** scheme (KYM). This program offers mums to be the best in antenatal care through the coordination of regular visits with both the obstetrician and the midwives at Hobart Private to allow them to form a relationship with both health care providers.

At Hobart Private Maternity we offer many exciting ways in which to meet your needs, specialised antenatal classes, regular physio classes, lactation clinics with Baby Friendly Hospital Initiative (BFHI) accreditation and an early discharge program.

What better way to celebrate the birth of your baby than in our maternity unit at Hobart Private hospital?

To arrange an appointment to view the Suites or to meet with our Midwives please contact, Leah Magliano on 6214 3000.
